PURPOSE

To be responsible for each child, irrespective of their additional needs and abilities, we aim to provide a supportive and inclusive environment that sanctions each child to fully participate in its education and care at the Service. Educators will remain encouraging, unprejudiced and supportive, ensuring that all children are treated equally and fairly and have the opportunity to grow and develop to their individual potential.

SCOPE

This policy applies to children, families, staff, management, and visitors of the Service.

In accordance with The National Quality Standard, our Service positively responds to and welcomes children with additional needs including those who:

- Are Aboriginal or Torres Strait Islanders
- Are recent arrivals in Australia
- Have a culturally and linguistically diverse background
- Live in isolated geographic locations
- Are experiencing difficult family circumstances or stress
- Are at risk of abuse or neglect
- Are experiencing language and communication difficulties
- Have a diagnosed disability—physical, sensory, intellectual, or autism spectrum disorder
- Have a medical or health condition
- Demonstrate challenging behaviours and behavioural or psychological disorders
- Have developmental delays
- Have learning difficulties
- Are gifted or have special talents
- Have other extra support needs.

We understand that additional needs may be temporary or permanent with diverse origins, which require different responses. Supporting children with additional needs enables them to participate and feel included; this also helps promote their strengths and may reduce their risk of developing mental health difficulties. Strategies for supporting children with additional needs can differ significantly, because every child is unique.
