PURPOSE

To ensure the safety and supervision of children in and around water. This includes water play, excursions near water, hot water, drinking water and hygiene practices with water in the Service environment.

SCOPE

This policy applies to children, families, staff, management and visitors of the Service.

IMPLEMENTATION

MANAGEMENT/NOMINATED SUPERVISOR/ RESPONSIBLE PERSON WILL:

- Provide direction and education to educators, staff and families on the importance of children's safety and supervision in and around water.
- Ensure health and safety practices incorporate approaches to safe storage of water and water play.
- Ensure premises adjacent to or providing access to any water hazards that are not able to be adequately supervised at all times (e.g. dams, swimming pool) are to be isolated from children by a child resistant barrier or fence.
- Conduct a risk assessment in accordance with the requirements prior to taking children on an excursion which is near water.
- Ensure at least one Educator who holds a current approved first aid qualification is in attendance at all times.
- Ensure water hazards and water play are always highly supervised.
- Ensure hot water is inaccessible to children.

EDUCATORS WILL:

- Supervise children near water at all times.
- Never leave children alone near any water.
- Ensure fish / frog ponds and water features that are not able to be adequately supervised at all times and/or pose an unacceptable risk to children are guarded or effective barriers are in place.
- Complete a daily Safety Inspection of premises to ensure that all hazards are known and minimised. When a hazard or potential hazard is detected, Educators will complete a risk assessment to address any concerns and children will be excluded from the area until the hazard has been rectified.
- Utilise water activities in appropriate weather as part of the planned program.
- Allow the children the opportunity to experiment with water, sand, and mixing materials.
- Monitor all taps on the premises that children have access to and ensure they are turned off securely when not in use.
- Safely cover or make inaccessible to children all water containers, e.g. nappy buckets.
- Empty water troughs immediately after every use and store to prevent the collection of water, e.g. upright
- After rainfall or watering gardens check for and empty any water that has collected in holes or containers.
- Ensure children remain standing on the ground whilst using the water trough.
- Ensure buckets of water for soaking toys or clothing are inaccessible to children.

- Ensure water troughs or containers for water play are filled to a safe level and emptied into the garden areas after **each** use.
- Children will be discouraged from drinking from these water activities.
- Teach children about staying safe in and around water.

OPERATIONAL SAFETY

- Water tanks will be labelled with “Do Not Drink” signage and the children will be supervised in this area to make sure they are not accessing this water for drinking.
- Educators will discuss with the children the use of water tank water and how it differs from drinking water.
- Hot water accessible to children will be maintained at the temperature of 43.5° which will be tested annually.
- Water for pets at the Service must be changed daily and only be accessible to children when educators are present.
